Brand New Book ***** Print on Demand *****.MANY PEOPLE WHO WORK IN AND around the book publishing industry readily explain that they became involved in the industry because of their love of books. This is often not just a love of reading, but of the books themselves as physical objects. If you are one of those who take physical pleasure from handling books and get a kick out of how they look and feel, then aiming for a career in book publishing is a great choice. Of course, if an appreciation of printed books is part of your motivation, you should also be aware that you are entering this industry as it is making a huge shift toward digital publishing with electronic reading devices such as the Kindle and iPad. In just one recent year, sales of e-books, as they are known, rose over 100 percent, generating revenues of nearly \$1 billion, and that is just at those companies that report sales to the Association of American Publishers (AAP). The AAP projects further dramatic growth as the number of digital reading device owners increases, leading to the sale of more titles. This is good news if you are a book lover and also computer savvy, adept at translating information from the printed page to a digital format. Along with the emergence of electronic book publishing is the arrival of self-publishing. Long-time industry participants were astonished when, in 2008, more books were self-published than were published in the traditional way - by a publisher paying authors for the rights to print and distribute their work. In 2009, three out of four books were self-published. The number of publishers is growing, as new companies...
