Amberley Publishing. Paperback. Book Condition: new. BRAND NEW, Supermarine: An Illustrated History, Christopher Smith, In 1904 an eccentric inventor, Noel Pemberton-Billing, took an interest in flying machines. In the spirit of the pre-Wright brothers pioneers, he launched himself off the roof of his house in a flight which ended thirty feet directly below. From these humble beginnings emerged a company which went on to produce the most famous, most instantly recognisable fighting aircraft in the world: the Supermarine Spitfire. Supermarine's engineering mastermind, R. J. Mitchell, designed an astonishing 24 different aircraft during 20 years at Supermarine. The Spitfire, his greatest creation, earned a legendary status rarely bestowed on mere machines. After Mitchell's untimely death, and the factory's destruction at the hands of the Luftwaffe, Supermarine forged ahead with radical new designs for the jet-age. The path to the Spitfire and its jet-powered successors is one of the most remarkable journeys in aviation history. From the founding of the first airport, to record-breaking racing seaplanes and year-long flying boat expeditions beyond the frontiers of civilisation, the story of Supermarine is one that has influenced the course of world history. This book records the history behind the iconic photographs that captured the spirit of this golden age of experimentation and rapidly shifting frontiers of technology and human achievement.
