Academic Foundation. Microfilm. Book Condition: new. BRAND NEW, Essays on Inclusive Growth and Some Reminiscences, C H Hanumantha Rao, India's Twelfth Five Year Plan seeks to achieve inclusive and sustainable development through an appropriate growth process by reducing regional disparities in development, raising the growth rates of agriculture and manufacturing, and by giving high priority to health and education. Against this backdrop, the essays on inclusive growth in this book focus on regional disparities in development, technology fatigue, marketing constraints, and sustainable use of water in respect of agriculture; ensuring accountability in performance; and the growth performance in Andhra Pradesh where the rising discontent against regional disparities in development led to the recent decision of the Union Government to form separate state of Telangana. The book also includes some reminiscences of the author from his student days to his interactions on economic policy issues concerning equitable development since the 1980s, with individuals ranging from veteran freedom fighters to the eminent scholars and public figures, including some prime ministers of India.
