

## Reproductive Health, Gender and Development: An International Perspective A Festschrift for Prof. Kuttan Mahadevan

By G.A.O. Ersheng

B.R. Publishing Corporation, 2002. Hardcover. Book Condition: New. First edition. 15 x 23 cm. The book Reproductive Health, Gender and Development: An International Perspective is a Festschrift dedicated to Prof. K. Mahadevan, whose lifetime achievements as a great teacher and researcher in most branches of social development and population science will inspire future researchers and teachers to aim similarly to climb the peak of allround professional achievement. The book has five parts, consisting of 21 chapters, and looks at several other issues such as adolescent reproductive health, adult women`s reproductive health, strategies for control of STD, HIV/AIDS, and women`s development. This international book has been timely edited with the contributions of experts in this field on an interdisciplinary basis from both the developed and developing countries. This book is a comprehensive reference/textbook on sexuality, reproductive health and development of women. CONTENTS: List of Promoters of Festschrift; Introduction; I. DEDICATION TO PROF. K.
