Reviews

This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe.

THE RULE OF LAW IN JAPAN: A COMPARATIVE ANALYSIS (3RD REVISED EDITION)

DOWNLOAD

Kluwer Law International. Hardback. Book Condition: new. BRAND NEW, The Rule of Law in Japan: A Comparative Analysis (3rd Revised edition), Carl F. Goodman, Since publication of the first edition, practitioners who deal with Japanese law have put great store in this major work, which systematically compares U.S. law and Japanese law across all the major fields of legal practice. Japan's legal system has changed dramatically since the publication of the Second Revised Edition as a consequence of Legislation and Supreme Court decisions in such diverse areas as public law (including administrative, election, constitutional and criminal law) as well as private law (including custody, assisted reproduction technology, labor law, discrimination, corporate governance, civil litigation, etc.). This new edition follows the same comparative structure as formerly, but fully updates the coverage with the many changes currently in place or in process in Japanese law today while adding new chapters on Freedom of Expression and Conflict of Laws. Author Carl Goodman - an internationally known authority with extensive experience in international practice, university teaching in both Japan and the U.S., and U.S. government service - takes expert stock of these new developments, including the following: the ongoing liberalization of corporation law; the changes in criminal law brought about as a consequence of the system of lay/professional judges; the codification and clarification of rules dealing with transnational jurisdiction; protection of corporate whistleblowers; an evaluation of the revamping of the education system for lawyers; the new law governing choice of law questions in international cases; the protections extended to the growing temporary work force; freedom of religion - shrines on public lands - and freedom of conscience - teachers and the National Anthem; modified criminal law procedural protections and new rules for judicial evaluation of circumstantial evidence cases; communitarianism and Japanese law; continuing growth...
