

Team Genius: The New Science of High-Performing Organizations

Filesize: 1.16 MB

Reviews

*It is a single of the best pdf. Better than ever, though I am quite late in starting to read this one. I realized this ebook from my dad and I encouraged this publication to understand.

TEAM GENIUS: THE NEW SCIENCE OF HIGH-PERFORMING ORGANIZATIONS

DOWNLOAD

HarperCollins Publishers Inc. Hardback. Book Condition: new. BRAND NEW, Team Genius: The New Science of High-Performing Organizations, Rich Karlgaard, Michael S. Malone, A groundbreaking book that sheds new light on the vital importance of teams as the fundamental unit of organization and competition in the global economy. Teams-we depend on them for both our professional success and our personal happiness. But isn't it odd how little scrutiny we give them? The teams that make up our lives are created mostly by luck, happenstance, or circumstance-but rarely by design. In trivial matters-say, a bowling team, the leadership of a neighborhood group, or a holiday party committee-success by serendipity is already risky enough. But when it comes to actions by fast-moving start-ups, major corporations, nonprofit institutions, and governments, leaving things to chance can be downright dangerous. Offering vivid reports of the latest scientific research, compelling case studies, and great storytelling, Team Genius shows managers and executives that the planning, design, and management of great teams no longer have to be a black art. It explores solutions to essential questions that could spell the difference between success and obsolescence. Do you know how to reorganize your subpar teams to turn them into top performers? Can you identify which of the top-performing teams in your company are reaching the end of their life span? Do you have the courage to shut them down? Do you know how to create a replacement team that will be just as effective-without losing time or damaging morale? And, most important, are your teams the right size for the job? Throughout, Rich Karlgaard and Michael S. Malone share insights and real-life examples gleaned from their careers as journalists, analysts, investors, and globetrotting entrepreneurs, meeting successful teams and team leaders to reveal some "new truths": * The right team size...
