WATERSHED PLANNING AND EMPLOYMENT GENERATION

Mittal Publications, New Delhi, 2006. N.A. Book Condition: New. xiii+185pp Watershed is a self-contained unit where all resources are available. Besides easy local resource mobilisation, it is possible to have effective interaction and coordination within the watershed region. Therefore, watershed planning is an appropriate method to achieve total transformation of the rural areas . As part of the process of rural transformation the present study emphasises on employment generation through watershed planning. The main objectives of the study are: (1)...

Reviews

An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

-- **Melody Jakubowski**

This publication can be really worth a go through, and superior to other. It is amongst the most amazing publication we have gone through. You won't feel monotony at anytime of your own time (that's what catalogues are for about when you request me).

-- **Ms. Elda Schaden MD**

This publication is wonderful. It really is really interesting through reading period of time. I am just very easily will get a delight of reading a published book.
